TECHNICAL SKILLS-:

TECHNOLOGIES: REACT.JS, HTML, CSS, JAVASCRIPT, REDUX,BOOTSTRAP .

DATABASE: MONGODB.

OPERATING SYSTEM: Window ,Linux.

PROJECTS: -

1. **A weather casting web application -**
   Technologies used – Css, Reacjs.
   Weather apps enable users to get instant alerts regarding weather conditions. Weather apps are the simplest method to know about the updates of the weather.

2. **E-commerce Website -**
   Technologies used – Css, Reactjs, Context api.
   User Authentication: Create accounts with name, email, and password. Secure login for account access.Product Catalog: Display products with images, descriptions, prices. Organize into categories, with filtering options.Search Feature: Quick product search for users to find items easily Shopping Cart: Add products, view, modify, or remove items from the shopping cart.Logout: Secure "Logout" option for users to sign out.Support Channels: Provide customer support through email, chat, and phone for user assistance.

3. **Mutual fund listing app -**
   Technologies used – Css, Reactjs,Bootstrap.
   I develop a mutual fund listing app with a user sign up flow that displays multiple mutual funds in a scrollable list. Certain essential data should be   displayed on every item in this list. Additionally, on click of any of these items, the user should be redirected to a product details page containing additional details of that specific mutual fund.

EXPERIENCE :-

Internship
January 2023 - May 2023 –Worked as a Frontend developer intern, developed UI components in React.

I served as a Frontend Developer at Abtusword, a Complete Web Solution company, from January 2023 to November 2023.
This experience allowed me to acquire and apply a diverse set of skills: HTML,CSS,JAVASCRIPT,REACTJS,BOOTSTRAP.

Certificate – I am proud to share that I have successfully completed a React.js certification course on Udemy. This comprehensive program covered key   concepts and practical skills in React.js development, providing a solid foundation for building modern and dynamic web applications. The certificate attests to my commitment to continuous learning and proficiency in React.js.
